Administrative Responsibilities

Planning and Governance

- From 1989 to 1998, I set up and developed the Clinical Psychology Ph.D. Program at Dalhousie University in co-operation with three other Nova Scotia universities. I recruited the entire faculty and developed the curriculum. As Co-ordinator of Clinical Psychology I had major administrative responsibility for this Ph.D. program with approximately 40 Ph.D. students. Duties beyond administration included: support and mentoring of new faculty, mentoring of graduate students, liaison with the community and with other universities. The program is now accredited by the Canadian Psychological Association. We have 2 Canada Research Chairs and two CIHR Career Awards amongst the 9 faculty in the program. In May 2002 I resumed this position until July 2004.
- Member Executive Committee, Department of Psychology, Dalhousie University 1989-1998, 2002-2004
- Co-director of the Pediatric Pain Lab at Dalhousie University and IWK Health Centre 1989-present
- Member Senior Advisory Committee, Department of Physiology and Biophysics, 2000-2002
- Member, Senior Advisory Committee, Department of Radiation Oncology, 2001-2002
- Chair of the Mental Health and Addictions Strategy Scientific panel, Nova Scotia Health research Foundation, 2011-2012
- Director: Centre for Research on Family Health, 2006 – present
- CEO and Chair of the Board, Strongest Families Institute 2012 – 2015
- Chair of the Board, Strongest Families Institute 2015 - Present
- Vice President Research IWK Health Centre, Jan 2007-2012; Integrated Vice President of Research and Innovation, IWK Health Centre and Capital District Health Authority, 2012 – 2018
- Member Patient-Reported Outcome Measures (PROMs) Committee, Canadian Institute for Health Information (CIHI) 2015-2018

Other Administrative experience

- From 1979-1989, at the Children's Hospital of Eastern Ontario, I was the director of the Behavioral Service of the Department of Psychology. In that capacity, I recruited and supervised other psychologists, developed policies for our unit and provided advice to the Director of Psychology. I also provided direct service to families and taught psychology interns and pediatric residents.
- Executive Member, Royal Society of Canada, Humanities and Social Sciences, 1998-2001
- Member of the Board, Canadian Psychological Association, 1998-2002
- Executive member of CUREPAIN, the Canadian national consortium on pain research 1999-2002
- Member, Institute Advisory Board, Canadian Institutes of Health Research Institute of Human Development, Child and Youth Health 2001-2005
- Co-chair Nova Scotia, Mental Health working group: Core programs standards development: Promotion, Prevention and Advocacy 2001-2004, Member Implementation Committee, 2003-
- Director and Principal Investigator of the Pain in Child Health, Canadian Institutes of Health Research, Strategic Training Program 2002-2014
- Member, College of Reviewers, Canada Research Chairs, 2003-present

- Member, Executive, Canadian Academy of Health Sciences, 2005-2007
- Founder and Director of the Centre for Family Health Research, IWK Health Centre/Dalhousie University
- Governing Council Life Sciences Research Institute
- Dozens of university, health centre and Canadian Institutes of Health Research committees

Research Interests

My research interests are in two areas:

1. Pediatric pain including the measurement and treatment of recurrent and acute pain, understanding of pain in the context of the family, and health services for pain
2. Development, evaluation and implementation of methods of delivering psychosocial care for families with mental health and chronic illness problems using appropriate technologies including telephone, web, computer kiosk, video and smart phones.

Teaching Experience

Most recent teaching has been: Introductory psychology (large format, 900+ students) and Graduate course in clinical research design in both Clinical Psychology and Health Informatics and a graduate class in Child Psychopathology. Past graduate and undergraduate courses include: child psychopathology, behavioural management, intellectual abilities, personality, abnormal psychology, psychological assessment, exceptional children, psychological measurement, health psychology, behavioural medicine.
